TESTIMONIALS

By the time I thought of eHobbies & found that they had the very item I wanted for a VERY LOW PRICE, I only had about 1 week to get it in before February 17th to me. When the eHobbies representative assured me the item will get to me in 4 days, I thought with Saturday & Sundays it'll take a little longer, but if it gets to me on time its ok enough. When the item did come, I thought it amazing that it took less than 4 days for that item to get to me with some days to spare on time (with a knock on the door from the mail carrier).
